What type of hobbies and interest do you have outside work? Love to spend time with family and friends. Sewing and scrapbooking too.

What do you like about your job? I love the variety that each day offers and visiting with the wonderful passengers.

Funniest thing that has happened on the job? Riders are always getting me mixed up with two other drivers. Even people who know us get us mixed up. We just be sure to tell our twins the news.

Favorite Vacation spot? I love to go camping and just relax. But I suppose our favorite vacation spot is the state fair. A week long of fun

OUR STORY

People’s Transit management and board members have communicated with media and individuals, service organizations, social service agencies, nursing homes, medical facilities and businesses about our funding scenario and the challenges we face. Every group has said how important they felt the service is to the community. From helping Huron residents getting to and from work, to helping young parents get their kids around town, shopping trips, medical trips, connecting people to Jefferson’s line in Mitchell and medical trips out of town to Sioux Falls and other communities. Many residents of Huron have come to depend on People’s Transit to get them to where they want to go.

Thank you for supporting People’s Transit to continue the services our neighbors need.
